

TRANSPORTATION COST ASSISTANCE

Most schools are eligible for transportation cost assistance to help bring students to the museum. We encourage schools to bring a large number of students so more learners can enjoy the experience.

How it Works

- The program is designed to help offset transportation costs. It may not cover the full amount.
- A short application can be completed before the trip or during your visit.
- Funds are provided to the school after the visit.
- Eligibility is broad and many schools qualify based on need and available funding.
